

PAKDD Distinguished Research Contributions Award Nomination

PAKDD-2025 will provide the Distinguished Research Contributions Award to recognize an individual in our community who has made significant research contributions to the advancement of knowledge discovery and data mining areas. The recipient will receive the award at the annual PAKDD conference during the award session.

Eligibility

1. Anyone in the field can be nominated. A nominator can at most nominate one person in one year. Self-nominations are excluded.
2. The cases whose nominees are members of the current PAKDD Senior Award Selection Committee which handles the selection of this award will not be considered.

Please use the nomination form to nominate and describe clearly and substantively the research contributions of the nominee, using publications, products, awards, or other facts (e.g., citations, H-Index, major lasting impacts to the field) as evidences if so applicable.

Submission

The nominator should email the nomination form (in PDF) by December 31, 2024 (23:59:59 PST) to the PAKDD Senior Award Selection Committee Chair, Ming-Syan Chen (email: mschen@ntu.edu.tw), with the email title "PAKDD25: Distinguished Research Contributions Award Nomination". The selection result will be announced in the annual PAKDD conference.

Nomination Form for PAKDD Distinguished Research Contributions Award
